3001 NE 12th Terrace
Fort Lauderdale, Florida 33334

Dear John,

The Grill House Restaurant is celebrating our 20th year in business this summer with a big birthday party in our courtyard. The courtyard was added to the business 18 years ago, and that is when we bought eight gliders from you. They are the biggest hit with our customers. They will wait a couple of hours to enjoy their dinner in one.

The gliders are so well made that we have done very little maintenance over the years. During the winter we remove the tops and store them in our barn. Then we shrink wrap them as you would a boat. Looks like a little tent city during the cold and snowy months here in Michigan. We have replaced some of the cushions over the years.

Other than being a "Grill Your Own" steakhouse, the Eaglewood Gliders are the WOW factor of our business!

Thank you!

Dan & Marcia
